Product Layout

DisplayPort Out

USB Type-A

HDMI

- **DisplayPort Output:** Connects to a DisplayPort monitor/ display with a DP cable (not included)
- **USB Type-A:** Connects to a USB port for additional power
- **HDMI:** Connects to your HDMI output source

Hardware Installation

NOTE: To achieve 4Kx2K output, make sure this standard is supported by your display.

1. Insert the HDMI connector to an HDMI output source, and USB to a USB port. (The USB connection is optional but recommended for power)

6

2. Connect the monitor's DisplayPort cable (not included) to the adapter's DisplayPort output.
3. Now, it is ready for use.
